Returning Gazelle Users:

For those of you who are logging in to this instance of Gazelle for the first time

This screenshot shows the 'Registration' dropdown menu open. The 'Manage systems' option is highlighted with a red arrow and a yellow callout box that says 'Select Manage systems'. The menu also includes options for 'Manage organization information', 'Registration Overview', 'Manage users', 'Manage contacts', 'Financial Summary', and 'Demonstrations list'. Below the menu, there is a section for 'Returning Gazelle Users' with a message about logging in for the first time.

# Finding Their OIDs

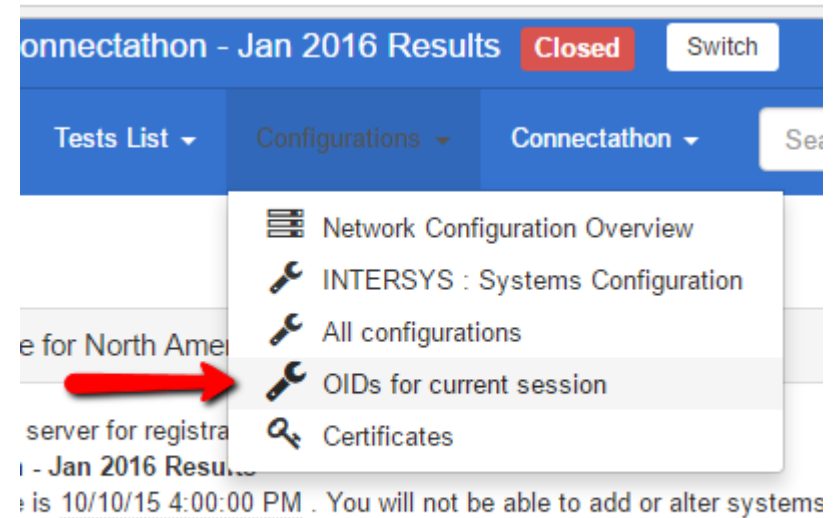

- There are multiple paths in Gazelle to find OIDs for other organizations
- These paths will also allow you to find your own (if you prefer these to the path shown earlier)

# Their OIDS: Path 1: Step 1

Select the Configuration Menu

Select OIDs for current session

here:

# Their OIDS: Path 1: Step 2

# Conclusion

- You can find the OIDs we assigned to you
- You can find the OIDs assigned to your peers
- Enter these in your configuration system (your values, their values).
  - Do not make up your own.
  - Do not use the values from a previous year.
  - Do not use the values from one of our test tools.
